

Freedom Star Block #16

April 19, 2010

Earth Day Star Block

Earth Day Star Block

Earth Day Star Block
Freedom Stars Colors

12" x 12" Finished

Before you begin you will need to choose your fabric colors and then choose your favorite appliqué method.

Download the PDF file:

Earth Day Star Block Appliqué Templates

When printing be sure to set the Print Scaling to NONE to get the correct size!

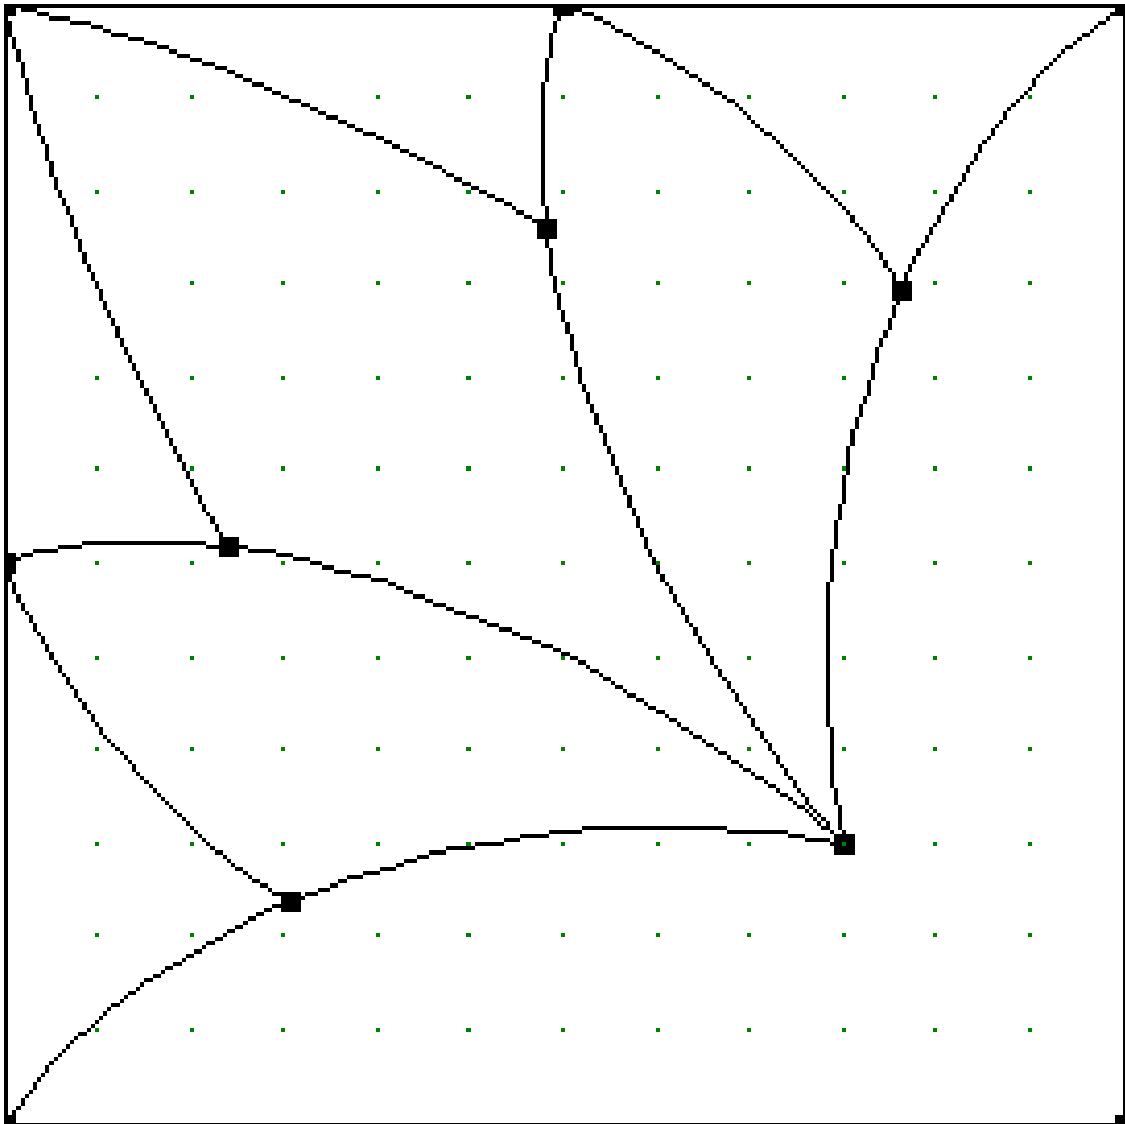

Notice: that template B is the center of the star. This template is $\frac{1}{4}$ of the finished size. You will need to trace it out to full size and then cut one template B out of your fabric.

You will need to cut four each of templates C, D and E

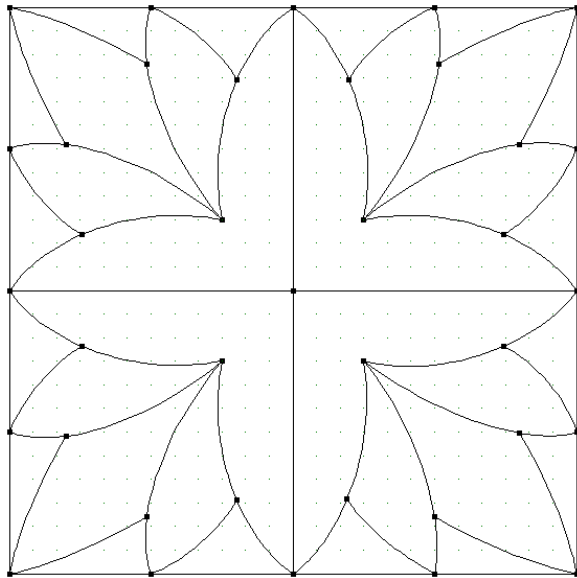

The background fabric should be cut to 12 ½" x 12 ½".

Fold it into quarters to find your center.

Trace the appliqué diagram provided onto each quarter for appliqué placement.

Your finished appliqué should fill the entire 12" x 12" center of the block leaving just a ¼ inch for the seam allowance,

Use your favorite appliqué method and sew or fuse

Starting with appliqué piece E

Then add pieces C & D

Then add the center template B

Now sit back and enjoy your Earth Day Star Block!
