

Freedom Star Block #21

May 24, 2010

New Galaxy Star Block

New Galaxy Star Block
Freedom Star Colors

12" x 12" Finished

The New Galaxy Star Block is made up of three fabrics.
Gold in the center and in the outer diamond.
Red in the star points and dark blue in the background and center.

You will need to download the PDF file for the New Galaxy Block – Paper Piecing Pattern and stitch out four each of section A and section B.

To help with color placement:

Section A

A1 – Blue

A2 & A3 – Red

A4 & A5 – Gold

Section B

B2 – Red

B1 & B3 – Blue

Combine all four of section A's to make the center section of the block.
Being careful to match points where the colors meet.

Then add one section B to each corner to finish the block.
It will help if you mark and match the center of section A and the center of section B
along the matching seam line, before you stitch, to be sure your sections line up
properly.
